

Theft

that location where it was learned that three vehicles had been damaged in a similar manner.

Given the close proximity along with similar crimes at Jackson County Flowers, which had been reported earlier in the week that a van in the flower shop parking lot had been vandalized and the catalytic converter had been partially cut off., as well as damaged to the car wash, owned by Louis Lakes. Chief Sizemore believes that the same person is responsible for the recent rash of crimes in McKee.

Sizemore further stated that they have good video surveillance from PRTC, White House Medical, as well as City Hall, that he believes shows the same person and vehicle involved in all of the crimes.

Chief Sizemore stated that he has reached out to the Kentucky Intelligence Fusion Center for assistance in analyzing the video. The role of the Kentucky Intelligence Fusion Center is to compile, blend, analyze, and disseminate criminal intelligence and other information, and to anticipate, identify, prevent, and monitor criminal activity that may pose a threat to the Commonwealth of Kentucky.

Chief Sizemore added that he would like to personally thank the medical clinic and PRTC for the great video footage and is confident that footage will be instrumental in identifying the suspect as well as the suspect's vehicle both of which have been captured in numerous video clips and are being analyzed.

If anyone in the area has any information regarding these crimes they are asked to contact City Hall at 606-287-8305 during business hours and Jackson County Dispatch at 606-287-9979 after hours.

Hope

Woman is diagnosed with breast cancer in the United States.

Our Festival of Hope Coordinator, Charlene Tillery, got sick just before the event and was not able to attend but she poured her heart and soul into organizing the event and she did a wonderful job, and we are so glad to have her. Hope you feel better soon Charlene.

Special thanks to our 2022 Sponsors: Lakes Funeral Home, Citizens Bank, Jackson County Bank, Peoples Rural Telephone Cooperative, Jackson Energy, White House Clinic, The Allen Company, Annville Veterinarian Clinic, WWAG, The Jackson County Sun, and The Jackson County Times. The day was filled

with exceptional entertainment by The Anglin Brothers, Ashley Mullins and family, House of Refuge, Derrick Shepherd, Sparrow Hawks, New Junction, and as we called them, The Adkinstown Girls (Lora, Heather, and Connie). We had delicious food provided by some of the teams/booths: Mount Gilead Baptist Church, and Burch Lick Baptist Church. Also, thanks to some of the area pastors who were good sports and volunteered to be in the dunking booth.

There are so many who go above and beyond to make this event a success but we would like to mention a few: All the volunteers of the Jackson County Cancer Fund, this event would not be possible without you; our awesome DJ: Charlie Brown, our sound system guy: Kyle Davidson; Annie and Andrea (White House Clinic) for working the luminaries, Dana Gabbard and son, Neil for helping out where it is needed, Pat Henderson for working the silent auction and all she does behind the scenes, Carroll deforest for always participating with a smile and keeping the Loan Closet available, Donna Lynch for working the Survivor Booth and keeping us informed on the patients throughout the county, Roger Truett for always having a great attitude and willing to help where ever needed, and to Carol Isaacs for putting the cake walk together.

If someone was left out it was not intentional, and I apologize now and know you are greatly appreciated. It takes the community coming together to make this event a success. This year we raised approximately \$ 29,500 and we are so grateful. We live in an awesome community, and I am blessed to call it mine.

If you have been diagnosed with cancer and are a resident of Jackson County, please reach out to us for an application for assistance. As we begin preparing for our 2023 Festival of Hope and you would like to get involved and become a volunteer, we welcome new faces and ideas so please contact someone on the committee for details about our monthly meeting. As always, let's lift each other up in prayer; we live in a time where we all need them.

JEC

driven and predominantly a volunteer organization, so it's a great fit for co-op support," said Carol Wright, president & CEO of Jackson Energy.

"Even after working all day, you feel better than when you arrived," said Lisa

Baker, Executive Administrative Assistant of Jackson Energy, explaining why she enjoyed volunteering at the games. "It was very rewarding to see the level of effort and the heart of the participants, and the special moments that occurred throughout the day."

It's a pleasure for Jackson Energy to support the Special Olympics' single biggest competitive event once again.

Judge

equipment, concrete and building to house the water works equipment. The Fiscal Court reviewed the bid and specs proposed and awarded the project to DWA recreation. The total costs of the splashpad upon completion is \$179,449.00.

When we advertised for bids, we also requested bids for a regular playground to go at the park along with the splashpad. That packet detailed a playground that is ADA compliant, has two slides, tunnels, climbing rails and covers a 40x32 area. The bid placed for the playground was \$44,781.52 installed.

The total project costs will be \$224,230.52 for both completed areas. The cost will be split between the City of McKee and the county and we will be using the next round of American Rescue Plan Act monies to pay for the project. There will also be a joint account setup between the City of McKee and county for maintenance of the splash pad.

We have already informed DWA that they were the winning bidders and they have ordered the equipment for the park. The equipment will take 6-8 weeks to get here but we hope that construction can begin soon while we are waiting for the equipment to come in. We also have some updates to complete on the restrooms and shelter at the 89 Park while we wait. Once this is completed, it will be the first of its kind in Jackson County and we hope not the last.

Flat Lick Falls Campground is now open and live on the website. To book a campsite, you will need to go to www.bookmycampsite.com. Search for Flat Lick falls and follow the instructions. The cost of an improved RV site with water and electric hookups is \$35 per night. The costs for a primitive camping tent site is \$10 per night. The campsites are reservation only. We have eight RV sites and six Tent sites that are reservable.

To reserve the shelter, you will still need to call my office at 606-287-8562. We still have

some improvements to make and equipment such as picnic tables, fire rings and a basketball goal to install but the sites are ready to be used. The restrooms at Flat Lick Falls have showers in them for camper convenience as well. We have a building bought that we are waiting to be delivered that we will use for a campground office but until it does you are welcome to contact me with any questions. Have a blessed week.

Sheriff

run. Stand your ground.

3. Respect everyone. The size of the heart is much more important than the size of the man. Measure people by the size of their heart and their will to succeed.

4. The stress of life can overwhelm many, but a great leader will find a way to lift up the downtrodden.

5. NEVER, EVER GIVE UP. The power of hope can change the world. You can change the world.

Thieves are the scourge of the Earth right now. Recently one or more thieves stole Catalytic Converters off several vehicles at PRTC and at White House Clinic. Johnathon Sizemore is the

case officer on these thefts, since it is in the city limits. Cameras are being reviewed at this time to attempt to identify the people responsible. If you have any information on this or other thefts, please contact Chief Sizemore or me. Watch your cars! These outlaws are wide open! Additionally, the people who buy this stolen property are as bad or worse than the ones who actually steal it. They deserve to be in jail as well. If you have information on any of these people, let us know.

Domestic Violence is a real issue that affects the lives of many men, women and children throughout the country. We encounter situations nearly every day that are high energy, high stress situations that can become violent at any time. Our primary role is that of a peacemaker, to calm down the situation and allow the parties to relax. In most cases,

if there is no obvious injury, we talk to the parties, try to separate the parties for a short time and share information that can help reduce future acts of domestic violence. If there is an obvious injury or very serious threat, we may be forced to make an arrest. There is never any excuse for violence. If you have violence issues, seek help or distance yourself before someone gets hurt. We really care.

Last week the Jackson County Sheriff's Office responded to one-hundred and ten calls for service. We had zero traffic accidents, which is highly irregular. We opened two criminal cases and arrested two individuals. Our court security team always does a great job securing the court house, serving papers and transporting individuals for court or mental health purposes. We appreciate your prayers and your support. God Bless!

The Jackson County Clerk's Office Will Be Closed
Monday, June 20th, 2022
Tuesday, June 21st, 2022
Wednesday June 22nd, 2022

The office will be attending mandatory training in Owensboro, KY. We Apologize for Any Inconvenience!
 - Donald Moore, Jackson County Clerk

Grace Covenant Ministries Kicks off Summer Programming with Water Aerobics

On Monday June 6th Grace Covenant Ministries kicked off summer programming with water aerobics offered to adults in the community. The water aerobics classes are offered every Monday, Wednesday and Friday from 11:00am-12:00pm.

The classes, led by instructor Jackie Jackson, are a great way to get daily physical activity while keeping the stress on joints to a minimum.

The session will continue until Friday, August 6th and the cost is only \$30.00 for the whole session! Come join the group for some fun and cool exercises!
