KY 192/Thompson Poynter Road/Boggs Road Intersection in Laurel County

System will be activated on Wednesday, August 2 at 6:30 a.m.

MANCHESTER, Ky. (July 26, 2017) – The Kentucky Transportation Cabinet (KYTC) will be installing an Intersection Conflict Warning System (ICWS) at the KY 192/Thompson Poynter Road/Boggs Road intersection in Laurel County.

The system, which is intended to reduce the number of crashes at the site, is expected to go into service on Wednesday, August 2 at 6:30 a.m.

Over the years, traffic engineers have added LED-enhanced intersection warning signs, oversized stop signs, "Cross Traffic Does Not Stop" signs, and other safety measures to the intersection in an effort to drive down the crash rate.

The detection system operates similar to the traffic loops used to sense vehicles to activate traffic signals. The system detects traffic on all approaches. Traffic on KY 192 will be notified of entering traffic from the side streets, and vehicles on the side streets will be notified of approaching traffic on KY192. These systems are effective in reducing crashes involving vehicles entering or crossing a major road. They also reduce difficulty among drivers in determining appropriate gaps in traffic. The ICWS gives motorists real-time warnings about traffic conditions.

"The Cabinet is always looking for innovative yet proven ways to improve safety and flow at busy intersections," said Joel Holcomb, Branch Manager for Engineering Support. "This is another useful tool in our toolbox that we can utilize when the conditions are appropriate."

Once the ICWS begins operating, the existing LED-enhanced intersection warning signs will be removed. Motorists are asked to be aware of the new warning system and be alert for changes in traffic flow it will bring to the intersection.

ICWS study results show a significant reduction for total, fatal and injury, right-angle, and rear-end crashes for two-lane at two-lane intersections. These systems have shown to be cost-effective safety improvements.

"The cabinet has approved this system for this intersection because it will be unusual enough to get the attention of motorists thus helping to reduce the crash rate at this intersection," Holcomb said. "As with any traffic control device, it does not replace the requirements of drivers to be safe and alert when utilizing the intersection."

Laurel County Seeking Information in Armed Robbery Case

Sheriff John Root is reporting that: Detective Kyle Gray along with Detective Sgt. Kevin Berry and Deputy Travis Napier are investigating an armed robbery which occurred at the Dollar Store at Saddlebrook, approximately 1/2 mile west of London on Sunday night July 30, 2017 at approximately 7:43 PM. The investigating deputies reported that apparently a lone male subject entered the store and allegedly was attempting to conceal items(a cell phone valued at $49) taken from the store when one of two store clerks attempted to detain the suspect who fled out the front door and scuffled with the store clerk. The suspect was armed with a knife and fled the scene in a white colored Chrysler 200(which had been reported stolen to London city police earlier). Deputy Travis Napier was pulling into the parking lot as the suspect attempted to flee and Deputy Napier attempted a traffic stop however the suspect failed to stop and fled through London onto the Hal Rogers Parkway into Clay County off Gilbert Collins Road near Oneida where the suspect ditched the vehicle in a field and fled on foot and was not located.

If anyone has any information on the identity of the suspect, contact the Laurel County Sheriff's office at 606-864-6600 or Laurel dispatch at 606-878-7000 – information will be strictly confidential. Also assisting on the investigation and pursuit was: Deputy Daniel Grigsby and Deputy Taylor McDaniel.

Assisting the Laurel County Sheriff's office was: London city police, Manchester city police, Clay County Sheriff's office, and Kentucky State police.
